Uses Authentic Bird Tan

This exciting *Authentic Thirty Minute Bird Tan* works great on ALL birds ranging in size from quail & ducks to turkeys & swans.

Awesome benefits you will experience:

- ✓ Toughens the skin
- ✓ Leaves skin soft and pliable
- ✓ Pulls fat and grease from deep within the skin cells
- ✓ Working time without shrinkage and slows drying time

Instructions:

1. Skin bird; remove membrane with Pro White Bird Flesher
2. Wash bird with Dawn dishwashing liquid & rinse thoroughly, removing blood from feathers
3. Mix 2.5 ounces Bird Tanning powder (dry weight measurement) to 1 gallon water
4. Submerge bird in tanning solution for thirty minutes
5. Wash bird with Dawn dishwashing liquid & rinse thoroughly
6. Degrease with 360 Chemical Degreaser & squeeze out excess degreaser for reuse later
7. Tumble in Authentic Bird Tumbler (7 rpm or 14 rpm) until dry enough to meet your needs for mounting
8. Blow dry with Authentic's high volume Bird Blower until the down feathers are dry & fluffy
9. Your bird is now ready to mount

Note: When tanning large size birds, increase the solution amount in one - gallon increments until there is enough tanning solution to submerge bird.
