Pro-White Model \$ 395.00*

This newest portable model is built of NASA type space-aged plastic, which offers major advantages over other models:

- Wipes clean with a soapy paper towel
- Lightweight at only 18 pounds
- Reflects light for less eye strain
- Portable
- Clear, see-through top

Extended shaft provides more fleshing space.

Large box size for added working room.

Removable see-through cover for easy cleaning.

Comes ready to use with fine brass brush included.

\$375.00 plus shipping *

12" deep, 17" tall, 24" long

NEW ITEM !! Pro-Standard Model \$350.00 *

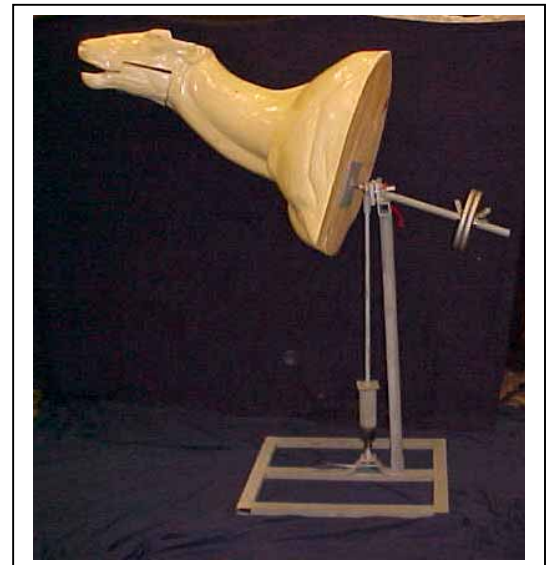

Same features as the Pro-White only a smaller box size
12" deep, 12" tall, 24" long

Authentic Mounting Stand

The best mounting stands on the market today. These stands will handle all of your needs from Deer, Moose to Cape Buffalo & Zebra. Designed with a ball and socket for greater degree of turn, a support rod in front with an assist cylinder to hold up the heaviest mounts. One lever holds mount in place, one foot pedal for up & down position. Heavy Duty model has extended shaft in back to add counterweights (not included).
